Pòrtic

Caminava de pressa i neguitós, tot sovint mirava a tort i a dret, ja feia temps que sentia damunt seu l'amenaça latent. Ningú li havia dit res, però n'estava molt segur, no calia la confirmació, quelcom dintre seu ho repetia constantment. Ho sabia des que va començar el mes, i cada dia que passa, ratllava el número del calendari. Ja mancava menys i el nerviosisme era més i més latent. Ben poc dormia i els àpats més que bé li feien mal, la diarrea era una constant i la irritació no el deixava seure per a reposar del seu agitant, tot això augmentava l'estat de malestar que l'enverinava.

El dia havia arribat, per fi. Si avui podia passar-lo sense que el trobessin desprevingut, tot llur neguit i malestar es fondria com si res, i tornaria a la vida tranquil·la, sense complicacions i rutinària. Però eren només les set del matí, i calia anar al treball, doncs no volia fer el ruc, molts dels seus companys malvivien del carnet d'atur, i de nit tenien que fer de "travestís", per a tal d'embutxacar-se algun dret. Si se'n trobava algun pel carrer, prou li explicava que la subsistència li costa un ull, però mai deien d'on.

Ja eren les set i deu, i l'autobús encara no arribava, més tot prevenint-se, s'arrepentia a la paret com un tel, no l'enganxarien així com així. Era dalt del bus i com sempre ple de gom a gom. Renegant entre dents, cercava un lloc més protegit; de seguir en mig la gent era home perdut. Amb cops de colze dissimulats i trepitjades espistades aconseguí de posar-se al darrere de tot, d'espatlles, tocant els vidres, de moment no hi havia perill.

Baixà despressa procurant que ningú no estigués massa prop seu, era tard i més que córrer hagués volgut volar. La voravia era plena de gent que anava al treball com ell, i també més d'un cràpula que donava la gresca per finida, amb els ulls clucs i ulleros pensava amb el llit, per a dormir només. Un parell de cruïlles i podria romandre dins els despatx on estaria segur, al menys fins l'hora de plegar. Quina mala sort!, un semàfor vermell, i apal, una munió de gent pel costat i darrera seu, el que li faltava!

Amb el cor bategant fort i l'estómac expriment-se per dins ja era al portal. La porta oberta i quatre esglaons per llur seguretat. Oh! Deu!, l'orella va captar unes rialles mal amagades que li pararen el cor un moment. Tota precaució havia fallat! D'una agulla clavada al darrera l'abric li penjava un ninot groller fet de paper de diari. PROU HO SABIA QUE AVUI ERA EL DIA 28 DE DESEMBREEEEEEEEEEEEEEE !!

BELLEZA FÍSICA Y EQUILIBRIO FISIOLÓGICO

...entre todas las mujeres... Señoras, Señoras: Aceptad un buen consejo. No os preocupéis exclusivamente de las bellas físicas; atended con esmero a la conservación del equilibrio fisiológico. Las crenas, los coloritos, los aceites, pueden participar en los cuidados de vuestro tórax, pero si consultáis a un médico, él os procurará en qué proporción absolutamente indispensable importan a vuestro organismo (en toda edad) los cuidados de la cultura física, la atención gimnástica, y hasta aquellas específicas y tónicas que en cada ocasión rápida no os tarea fácil. El doctor, luego de estudiar cada caso, os aconsejará y en intermitentes veces os aconsejará el hipartol, excelente vigorizador y magnífico tónico. El hipartol contribuirá a que vuestros moléculas, trastornos y desarreglos lleguen a desaparecer. Es también aconsejable para las futuras madres. Señoras: Recuchad diariamente a las 12,15, la interesante sección femenina y de belleza, a cargo de los Laboratorios Hipartol, dirigida por doña Montserrat Portu, que emite diariamente Radio después de Barcelona. También puede dirigirse por carta para consultas a dicha señora, a Xifra, 48, Barcelona, mandando sello para la contestación. (Censura Satírica núm. 2.115.)

社会主义新生事物花万朵

——喜看全国舞蹈调演部分节目

中央民族学院艺术系 制 华

社会主义新生事物，是“共产主义的幼芽”，是亿万劳动人民生气勃勃的伟大创造。无产阶级文化大革命以来，社会主义新生事物如烂漫的山花开遍祖国大地。广大革命文艺工作者应该运用一切艺术手段，去尽情地讴歌它。在这次全国舞蹈调演中，我们高兴地看到了许多演出代表队学习革命样板戏的创

义医疗卫生路线下，就医少药，得不到治疗，过着有耳不能听，有口不能言的痛苦生活。伟大领袖毛主席发出了“把医疗卫生工作的重点放到农村去”的伟大号召后，解放军医疗队开进了苗族山寨，赤脚医生不断成长，许多聋哑人象“千年铁树开了花”，获得了新生。他们第一句话喊出了“毛主席万岁！”这个节目的作者摒弃了一般化的表现手法，在舞台上既不表现打针吃药，也不出现医生，用独特的构思，新颖的艺术手法，抓住最能揭示人物内心世界的典型环境中的典型事例去刻画人物。它选取阿妹病愈后爷爷送她上学这一片段，通过对阿妹迅速、欢快地载歌载舞、满怀激情去上学的生动描绘，谱写了一曲毛主席的革命卫生路线的热情赞歌。令人难忘的是舞蹈的结尾：当阿妹进入课堂后，爷爷在窗外侧耳聆听阿妹和同学们高声朗读“毛主席万岁”的声音，爷爷激动得热泪盈眶，阿妹双手捧着显有毛主席画像的课本，递给爷爷看，顿时舞台上灯光通亮，响起了嘹亮的《东方红》音乐，使舞蹈在充满革命激情的

市和条件优越的江南水乡之多，自觉要求赴祖国最需要最艰苦的西藏农村安家落户受到了翻身农牧民热烈的欢迎和爱戴，表现了人民解放军复员战士高度的路线斗争觉悟和远大革命理想。这个舞蹈具有强烈的代感和浓厚的民族风格。在表现藏族人民迎接复员战士时，舞蹈淳朴多姿，热烈欢快，翻身农牧民和复员战士手挽手、肩并肩共同跳的“踢踏舞”，豪迈奔放，粗犷健美。这题材新、思想新、风格新的短小舞蹈，体现了“民族不同阶级亲，语言不同心连心”的厚情谊和各族人民共同建设边疆的坚强决心。此外，如《老矿工上讲台》、《毕业归来》、《贴心人》、《养猪姑娘》、《送客》和《草原雄鹰》等节目，也都是社会主义新生事物的热情赞歌。

这次全国舞蹈调演，涌现了一批新的品，出现了一批新生力量，呈现出一派“貌变新颜”的大好景象。也有些节目还存没有充分发挥舞蹈艺术表现力、过多地借音乐伴奏和舞台美术等手段的缺点，有舞蹈语言不够丰富，但这些都是前进中的点，不难克服。我们相信，在毛主席的革命文艺路线指引下，以阶级斗争为纲，坚持党基本路线，革命文艺工作者必将创作出更好的歌颂社会主义新生事物的新舞蹈来

的无产阶级教育路线。这个节目的舞蹈艺术，在“古为今用，洋为中用”、“百花齐放，推陈出新”方针指导下，批判地吸收了当地人民喜闻乐见的“风阳花鼓”和“花鼓灯”的舞蹈素材，并同芭蕾舞的某些技巧结合，创作出了崭新的、典型化的舞蹈语汇。如表现贫下中农登上大学讲台的革命自豪感时，舞蹈吸收了男性舞蹈动作中的快速旋转、微侧后转身、“双拐弯”等比较开朗豪迈的动作，表现了“毛主席送我上讲台，叫我怎么不歌唱”，“无产阶级占阵地，看我工农创未来”的无比自豪的感情。由于舞蹈语汇来自民间，经过改造和出新，既具有鲜明的时代感又有较浓厚的地方风格。伴奏音乐，以“风阳花鼓”的曲调为基础，充分发挥了“花鼓灯”打击乐的作用，加强了欢庆解放的热烈气氛，和忆苦的音乐形成强烈的对比。女声领唱和混声合唱，紧密地配合情节的开展，起到了深化主题思想的艺术效果。

用舞蹈塑造工农兵英雄形象、歌颂新生事物，编导者必须全心全意地“到火热的斗争中去，到唯一的最广大最丰富的源泉中去”，做好“了解人熟悉人”这个“第一位的工作”，才能抓住新生事物的本质，探索出新颖的艺术表现手法，更好地起到团结人民，打击敌人的战斗作用。苗族三人舞《苗娃上学了》的创作人员，在贵州铜仁地区长期深入生活的过程中，耳闻目睹了许多聋哑儿童在修正主

义医疗卫生路线下，就医少药，得不到治疗，过着有耳不能听，有口不能言的痛苦生活。伟大领袖毛主席发出了“把医疗卫生工作的重点放到农村去”的伟大号召后，解放军医疗队开进了苗族山寨，赤脚医生不断成长，许多聋哑人象“千年铁树开了花”，获得了新生。他们第一句话喊出了“毛主席万岁！”这个节目的作者摒弃了一般化的表现手法，在舞台上既不表现打针吃药，也不出现医生，用独特的构思，新颖的艺术手法，抓住最能揭示人物内心世界的典型环境中的典型事例去刻画人物。它选取阿妹病愈后爷爷送她上学这一片段，通过对阿妹迅速、欢快地载歌载舞、满怀激情去上学的生动描绘，谱写了一曲毛主席的革命卫生路线的热情赞歌。令人难忘的是舞蹈的结尾：当阿妹进入课堂后，爷爷在窗外侧耳聆听阿妹和同学们高声朗读“毛主席万岁”的声音，爷爷激动得热泪盈眶，阿妹双手捧着显有毛主席画像的课本，递给爷爷看，顿时舞台上灯光通亮，响起了嘹亮的《东方红》音乐，使舞蹈在充满革命激情的

藏族三人舞《边坝把根扎》，是从又一侧面歌颂社会主义新生事物的新作品，是批判修正主义，批判资产阶级，批判资产阶级法权的战歌。它描写经过无产阶级文化大革命，批判批孔运动和学习贯彻无产阶级专政理论之后，江南某部复员战士，为了缩小三大差别，决心和旧传统观念决裂，他不留恋大城

安徽演出的独舞《毛主席送我上讲台》反映教育战线上出现的新生事物。

OIL PRICE

By ROLAND GRIBBEN

Continued from Page One

tined to be made into petrol, central heating fuel and petrochemicals.

There is at present a shortage of light oil, largely because of higher-than-expected increases in petrol consumption, but there is a surplus of heavy oil, used by industry.

The increase in the differential is aimed at raising demand for heavy oil products which form the biggest proportion of Persian production. But any increase depends on a pick-up in world industrial activity.

Standard price

OPEC officials said the staggered increases would mean prices would rise by around 10 per cent next year with the balance spilling over into 1980. The standard price of OPEC oil, Saudi Arabian light, will go up from \$12.70 to \$14.54 for a 35 gallon barrel during the period.

The increase should raise the income of OPEC states by more than £10,500 million in a full year if their present production level of 31 million barrels of oil a day is maintained.

Britain, with North Sea oil, will be largely insulated from the full effects in balance of payments terms.

The net effect after taking more valuable North Sea exports and falling oil imports into account is likely to mean
