## Use of languages

Principal working language: english (eng)  
Some groups entirely in English: Yes  
Some groups entirely in Catalan: No  
Some groups entirely in Spanish: No

## Prerequisites

The student must be enrolled in the course before starting work with the collaborating institution.

The timetable for carrying out the internship must be compatible with the student's academic and training timetables in the University. The programme of internship activities will be laid down according to the characteristics and availability of the collaborating institution.

Since students enrolled in the internship will have obtained credits in basic training and mandatory second and third year subjects, it is expected that they will express themselves correctly both orally and in writing.

A level of English equivalent to C1, (Common European Framework of Reference for Languages: Learning, Teaching, Assessment), is required. Students will be able to understand a wide range of longer texts, and recognize implicit meaning; express themselves fluently and spontaneously without excessive searching for words or expressions; use language flexibly and effectively for social, academic and professional purposes; produce clear, well-structured, detailed text on complex subjects, showing controlled use of organizational patterns, connectors and cohesive devices.

## Content

Specific educational cooperation agreements will be signed by each student enrolled, the collaborating institution, and the UAB, in order to establish the regulatory framework under which the internship can be carried out.

The regulatory framework for internships includes two different modes:

A. An internship signed by an external collaborating partner and UAB. The UAB will sign as many specific agreements as there are students enrolled in this mode.

B. Internships within the ambit of the UAB, related to research projects within the departments offering the relevant degree programme. In this case, the internship will be established by signing a work experience agreement with the UAB, which specifies conditions, according to an official model.

In both cases it is required that the student takes out an insurance policy covering civil responsibility and liability, given that the standard student insurance is insufficient. In order to validate this complementary policy contracted by the UAB, the student must pay a fee at the time of enrollment (estimated price: €5).

## Methodology

The specific training offered depends on the professional activity of the collaborating institution.

## Evaluation

Learning outcomes assessed in the final report may vary depending on the professional skills required by the company / institution / centre that offers the internship.

At the end of the internship the following reports will be presented to the academic tutor in the relevant field of study:

The tutor in the collaborating institution will issue a final report, showing the number of hours completed, with relation to the generic and specific competences which appear in the training project, within a maximum period of 15 days, following the model established.

Students will prepare a final report with an assessment of tasks completed and their relation to knowledge and skills acquired in their university studies. The student must hand in this report as a prerequisite for the final evaluation. Dates for delivery of this report are: 03/02/2017 for first semester internships, 30/06/2017 for second semester internships.

The academic tutor in the relevant field of study will evaluate the internship and fill in the relevant evaluation report.

Internships cannot be re-evaluated. Students who inform their coordinator of their intention to leave the internship will be graded as "Not evaluable". If not informed, the collaborating tutor and the academic coordinator will decide on the appropriate grade.
