Correction to: *npj Ocean Sustainability* <https://doi.org/10.1038/s44183-025-00174-x>, published online 08 December 2025

In the version of the article originally published, the sentence “Using a collapsed 3-point scale from the original 10-point scale, more people agreed ($n = 520$, 29%) rather than disagreed ($n = 688$, 38%) that decision-making was fair...” should have read “Using a collapsed 3-point scale from the original 10-point scale, more people agreed ($n = 688$, 38%) rather than disagreed ($n = 520$, 29%) that decision-making was fair...”. This has been corrected in the HTML and PDF versions of the article.
