EGRETA

Environment of research and transfer management
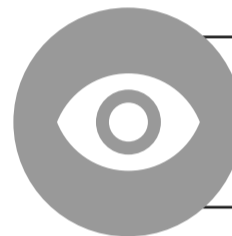

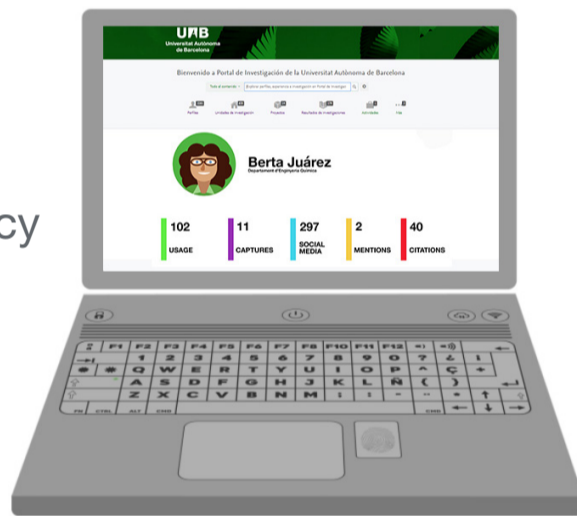

It is an improvement for the university community in accessing, entering, tracking and searching data.
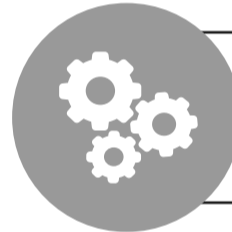

COMFORT
AGILITY
TRANSPARENCY

IT GIVES YOU

Ease of search and transparency in information management

Global vision of your field. Data in a single space, easy to access, review and update.

Simplification of processes.

Predefined and advanced reports.

EGRETA HELPS YOU TO:

- Know, manage and track the applications and concessions in your field.

- Exploit and organize data from your own field in an autonomous way.

- Communicate quickly and directly with those responsible for a particular content.

- Access to all documentation related to an award.

- Schedule actions and notifications of tasks to be performed.
