La *Segunda Circular* será enviada a todos aquellos que, mediante devolución del formulario de inscripción, expresen su interés en recibir información adicional.

THE EUROPEAN ASSOCIATION FOR THE HISTORY OF PSYCHIATRY

We are pleased to announce that, following a resolution at the Congress on the History of Psychiatry held in 's — Hertogenbosch in October 1990, a European Association for the History of Psychiatry has been founded.

The broad aims of the EAHP are to support interest in, and research into, the history of psychiatry taken in its broadest sense. The EAHP hopes to foster communications between all those throughout the globe who are interested in further developing the field of the history of psychiatry, to stimulate debate and discussion, to bring scholars together, and to advance research.

Its prime activities will be:

- a) To produce a regular *Newsletter*, probably twice a year, which will circulate news and views concerning developments in the history of psychiatry. All members are encouraged to contribute to this *Newsletter*.
- b) To organize an international congress, probably at threeyearly intervals, to provide the opportunities for those active in the history of psychiatry to meet, to communicate research findings, and to exchange opinions. The next congress will be held in London at the beginning of September 1993 and will probably last three days.

The EAHP has a formal constitution and officers (a President, two Honorary Secretaries, and an Honorary Treasurer). The text of the Constitution will be published in the first number of the *Newsletter*, which it is hoped to circulate in the Spring of 1991. Membership is open to all. The Annual Membership Subscription has been fixed at 15 ecus (*gratis* for *bonna fide* students).

We urge you to join this Association, to promote better scholarship and broader interest in the field; and, having joined, to contribute actively to its affairs.

With cordial good wishes,
