## 1 TRAINING SESSIONS

The COVID-19 situation has reshaped all face-to-face activities in Europe for the past months. Consequently, and in order to adapt to the new circumstances, the RightsApp dissemination activities have also suffered deep changes with the aim of reaching the proposed objectives and milestones.

Given this scenario, the Universitat Autònoma de Barcelona (UAB) and, specifically, the Faculty of Law hosted four online training sessions. The second semester of 2020 all lecture activities were moved to online channels. Therefore, the training sessions were held via Microsoft Teams<sup>1</sup> software that is available for all the UAB students and staff.

As support materials, the RightsApp research team created two tutorial videos. The first one explains how to use the Android version of the RightsApp application. The second video is focused on the iOS version of the RightsApp mobile application.

To sum up, four training sessions were held via Microsoft Teams between the 22<sup>nd</sup> and 26<sup>th</sup> of June 2020, with the following details:

Training session	Responsible	Attendants (approx.)
#1	Dr. Esther Zapater and Dr. Jorge Gonzalez-Conejero	15
#2	Dr. Esther Zapater and Dr. Jorge Gonzalez-Conejero	20
#3	Dr. Maria José Rodríguez Puerta and Dr. Jorge Gonzalez-Conejero	17
#4	Dr. Maria José Rodríguez Puerta and Dr. Jorge Gonzalez-Conejero	12
<b>Total:</b>		64

Afterwards, the project coordinator, Dr. Jorge Gonzalez-Conejero, added the audio recording with the explanation of the video in order to disseminate the tutorials to the general public. Both videos were uploaded to YouTube and are publicly available at: <http://rightsapp-project.uab.cat/index.php/rightsapp-training-videos/>

Additionally, the Online Infoday presentation included in deliverable D5.7 RightsApp – “Public Events” was also useful to make all the RightsApp project information (motivations, background, needs, objectives, among others) available to the training session attendants.

## 2 VIDEOS

The designed and implemented tutorial videos cover different sections of the RightsApp mobile application (see RightsApp Deliverable D3.2: RightsApp Android Application<sup>2</sup> and/or D3.3: RightsApp iOS Application<sup>3</sup>)

- Main Screen
- Emergency call to 112
- Tailored information regarding crime victim rights
- Crime victim support centres, entities and, consulates and embassies
- Language selection
- “How to use the app” screen
- “About us” screen
- “Terms and Conditions” screen

Figure 1 depicts some screenshots from the tutorial videos. As mentioned before, the tutorial videos have been uploaded to YouTube with an audio explanation from the coordinator of the project in order to maximise their dissemination (for Android and iOS versions independently).
