Fundació FERRAN SUNYER i BALAGUER

American Mathematical Society  
New York

Dear Sir,

I have received with thanks the letter you were kind enough to have sent to me, setting forth the amounts I shall have to pay as membership-fees to the American Mathematical Society and as subscription-price to the Mathematical Review for 1950.

Kindly excuse the delay I had in sending you the fifteen dollars (the total amount of these two items): it was due to the difficulty to get a permit to buy the dollar exchange. I had to avail myself of the kindness of some relatives living in America.

Thanking you again, I wish to remain

Yours sincerely:

Ferran Sunyer i Balaguer
