Dear Professor,

Having been advised that you do not usually see the *Memorias de la Real Acad. de Ciencias de Barcelona* I got in touch, - in consonance with your kind desire with a member of the Board of the said organization, and this person has kindly assured me that he will send same to you from now

I also have pleasure in enclosing herewith a paper of mine published in the said *memorias*; in spite of its having been written in Spanish I am also enclosing a review in English.

With kindest regards, I beg to remain

yours sincerely

F. Sunyer i Balaguer
