Dear Professor Wehausen,

I wish to thank you very much for your kind letter march 9, 1953 and to tell you that my paper, mention of which you found in Acta Scientiarum Mathematicarum, was reviewed in Mathematical Reviews vol 12 pag. 489. This paper was published in Collectanea Math. vol 2 and the fact that Acta Scientiarum Mathematicarum does not make any reference to Collectanea Math. is probably due to their having received only one reprint of same.

I do not think, therefore, that you would wish to receive again a copy of the aforesaid paper; I think that you receive regularly Collectanea Math. In any case, if you wish me to take any steps with the Barcelona University people, I shall have pleasure in being at your service.

yours sincerely
