M. Carlona Balaguer

Dear Balaguer:

I noted with deep shock to learn to-day the sudden death of our great mathematician Professor F. Sunyer Balaguer. It is a very personal loss to me and I cannot express my sorrow in words. My wife joins me ~~to~~ to send our condolences and pray that the great soul rest in peace.

Will you please send any paper to *Collectanea Mathematica* which were communicated by me to Professor F. Sunyer Balaguer.

We were academically related since 1961 and Professor Balaguer will remain in my memories for all years to come.

It is a very great shock

Yours sincerely
P. K. Kamthan
