Dear Mrs. Blaguer!

With deep sorrow I read your announcement of the death of my esteemed colleague Professor Sunyer Blaguer. I have not been honoured by a long association, but during the brief talk I had with him two years before at Oberwolfach showed to a distinguished individual, strong personality and an unassuming scholar. May I send to you for this loss which shall be surely felt stroughout the entire family my sympathy.

Sincerely yours

Alex. Dinghas
