FERRAN SUNYER I BALAGUER

Dear Professor Macintyre,

Complying with your request I have sent Professor F.W. Rogers a book of short narrations by Azorin. I thought it would be rather preferable to send him this book to a treatise of mathematics as I believe he would have more fun with some narrations of a famous Spanish writer.

I should be very pleased to receive your visit. Regarding myself, the only difficulty to go to see U.S.A. is of an economical kind because the salaries we enjoy here would not allow us to make long journeys. This difficulty is in my case joint by an other one, i.e. that I ought to be accompanied by a relative owing to a paralysis I am suffering with, which would accordingly increase my travel expenses.

Believe me to be

yours sincerely

P.S. I should like to avail myself of this opportunity for pointing out that my full name being Ferran Sunyer Balaguer, the family name (as used in every other country) is SUNYER, whereas the name Balaguer is the name of my mother and is used in my country only, as a compliment to the mother.
