Prof. A.J. Macintyre
Aberdeen

Dear Professor Macintyre,

Thank you very much for the reprints of your interesting works which I was glad to receive together with the second communication of the International Congress of Mathematicians 1958.

I remitted 5 pounds to the Comercial Bank of Scotland Ltd. as membership of the International Congress. Having had no coloured form I have had to indicate that it is my share in some other way.

Enclosed you will find the abstract of the note I wanted to read to the Congress. Being unable to assist I cannot of course read it. If you think there were still time I kindly request you to send the abstracts to the Congress. I also enclose herewith a summary, with more details, of the note in order to make you known the principal results I obtained.

Thanking you very much for your kind interest I remain
yours sincerely
