Dear Professor Macintyre,

Back from my holidays I have found here your kind letter and Mr. Ponting's ~~manuscript~~ ^{manuscript}. Regarding the publication of the latter I should like to inform you that "Collectanea Math." of Barcelona would be ready to publish it if the author would agree to it, in which case the paper could be printed immediately.

I apologize for the delay in answering you and awaiting Mr. Ponting's answer I remain

yours sincerely
