Prof. A. J. Macintyre
Cincinnati

Dear Professor Macintyre,

I received the two very interesting books you had the kindness to send me and thank you very much for this nice gift as well as your Christmas greetings.

The publication of your paper in Collectane Math. suffered - in consequence of unforeseen reasons - some delay but the difficulties now solved you will before long receive the proofs and the article will soon be published.

Repeating my best thanks for your kind gift I remain

yours sincerely
