*Director USN & R.C.P.*

Dear Sir:

I must apologize for not having sent my first report before having signed the contract. Which I did because I thought that was the custom among you.

On November the 7th I mailed the four copies of my first report to Dr. Saaty in Washington, D.C. That was another misunderstanding in which I incurred.

Following the instructions contained in your kind letter of November 29, I am sending you herewith another copy of my first report together with the four copies of the invoice.

About your impending visit to Barcelona, I must say I will be very glad to meet you personally here, and therefore I shall appreciate your sending me word as to the date you are planning to come as soon as you know it, in order to be in town at the time.

I hope everything between us will work correctly from now on.

I will be looking forward on seeing you here soon.

Meanwhile, I remain very truly yours,

F. Sunyer Balaguer
