Dear Professor Bram,

Many thanks indeed for your very kind letter of the 18 inst.

Herewith enclosed are three copies of my twelfth progress report covering the period 1 April - 30 June 1964. I am sending a fourth copy to the Director NERCP in London.

I have received from London the copies of the contract for continuing my research for the period 1 July 1964- 30 June 1965. In them I see that the Scientific Officer is actually the Head of the Fluid Dynamics Branch and so I should be glad if you would let me know whether I can still send my next progress reports to you

My sister and Mr Spencer join me in sending their kindest regards.

Sincerely yours
