Dear Professor Fuchs,

Thank you very much, yourself as well as Professor Edrei, for the kindness of having sent me the manuscript of your interesting paper DEFICIENT VALUES AND ASYMPTOTIC VALUES OF MEROMORPHIC FUNCTIONS.

I should be very much obliged to you if you would kindly advise me when the paper will be published with the proofs of the results contained in said manuscript, as I am very much interested in the same indeed.

Believe me to be

yours sincerely
