CONTACTS FERRAN SUNYER I BALAGUER

21.6.1967.

Respected Prof. Balaguer,

A few months back one of my research papers (written with Dr. Kamthan) entitled ' On Entire Function of Infinite Order (R) represented by Dirichlet series ' was communicated by Dr. P. K. Kamthan, Mc Master University, Hamilton, Ontario, Canada for its publication in your Journal *Collectanea Mathematica*.

I shall feel highly obliged if you could let me know if this paper of us has been accepted by you for its publication and if so please send the acceptance letter-- we need its reference in some other sequel of work.

I am sure that you will kindly reply at the earliest and oblige.

With the best regards.

Sincerely yours,

*Pegani*
