Professor F.Sunyer I.Balaguer
Department of Mathematics
University of Barcelona
Angel Guimera, 36, Pral.2º
Barcelona 17, Spain.

Dear Professor Balaguer,

I am writing this letter to you because you are familiar with the papers on entire Dirichlet series by my co-worker, Mr.A.R.Reddy. Mr.Reddy would like to submit a thesis for the Ph.D. degree of Madras University, mostly consisting of these papers, some of which have been published and others accepted for publication. As the person in charge of the Ramanujan Institute (where Mr.Reddy is working along with me), it is my duty to submit to Madras University a panel of suitable examiners for his Ph.D.thesis. In this connexion, I request you to be so good as to give me permission to name you as Chief Examiner of the thesis, and allow me to suggest Professor A.G.Azpeitia as your Co-Examiner. There will be no other examiners, and you will be expected to reply officially, to the Registrar, University of Madras, when he writes to you, independently of your unofficial permission to me to name you as Chief Examiner. I shall be most grateful to you if you can (i) write to me by Air Mail giving me this unofficial permission, and (ii), in view of (i), keep me informed about changes in your address during the next six months.

Looking forward to a favourable reply at an early date.

I am,
Sincerely yours,
C. T. Rajagopal
