Dear Professor Balaguer:

I am happy to acknowledge your application for membership in the American Mathematical Society. Since you are a member of the French Mathematical Society, your name will be added to our membership list immediately.

I note that you have made arrangements for sending \$11.50 in payment for dues and the subscription to Mathematical Reviews. Will you please inform me whether you wish to have your subscription to Mathematical Reviews commence January 1, 1948, or January 1, 1949?

Sincerely yours,

J. R. Kline  
Secretary
