Dear Prof. Sunyer i Balaguer:

Thank you very much for your letter of March 21, 1953. I agree that it is not necessary to review your paper again, since it is more easily available in Collectanea Math. than in the Barcelona University Review. We would appreciate it, of course, if you could arrange to have sent to us papers which you think we might ordinarily miss in the usual course of events.

Sincerely yours,

John V. Wehausen
