Dear Dr. Sunyer Balaguer:

Thank you very much for your letter of July 17.

As a matter of fact, I was asked to review Sato's paper for Mathematical Reviews, and although I was surprised that this classification had not been given before, I was not able to locate it in the literature. Evidently, I did not look carefully enough.

I am going to try to have the references added to the review before it appears.

Sincerely yours,

Ralph P. Boas
