Dear Professor,

MacLane

I should be very grateful to you indeed, if you were kind enough to send me your monograph on *..... Riemann surfaces and asymptotic values associated with real entire functions*

I am sorry to trouble you but, - on account of difficulties in obtaining licences to buy foreign exchange in this country-, I cannot possibly get this work here and am very anxious to consult it.

I presume that Professor *Mandelbrot* is at present giving a course at the *Bell* Institute; if you have an opportunity to talk to him, kindly give him my best regards.

Thanking you in anticipation for your kindness and trusting to hear from you at your convenience, I am, as always,

yours sincerely :
