Respected Professor,

I hope you must have received my letter together with a true typed-copy\* of Prof's K.N. Srivastava's paper in Japonicae Mathematicae as desired by you. In my letter I had given my approval of the valuable suggestions made by you and to be incorporated in my paper. In case it is approved for publication I shall request you to kindly add (as it is then necessary) the following lines in the end: "My best thanks are due to Prof. Balaguer of Spain for the privilege of having received his valuable comments and helpful suggestions". I hope you will kindly oblige me by doing so.

Secondly I request you, if excused, to kindly examine the two enclosed herewith my papers. If they are approved by <sup>you</sup> I shall request you to kindly send them somewhere in Spain for publication. This will encourage me for further work.

In the last I hope you will kindly excuse me for the
