

Pilani

2/5/63

Respected Professor,

Please accept my best regards.
Before I begin to write, I must offer
my apologies to you that I could
not reply your two letters. In fact,
I was ill and was on leave
outside Pilani. About 10 days back
I returned and then was slightly
absorbed in my thesis on "Entire
functions represented by Taylor's
and Dirichlet series." I wish to
submit it by 15th of May, '63.
This was the second reason
which caused further delay. And
so now I hope, you, knowing
these facts, will excuse me.
Anyway, I am very
much thankful to you

for ^{your} kind efforts towards
me.

If you allow me,
I may send you some
more papers of mine to
be kindly examined by you
and ^{then} send for publication.

Will you kindly let
me know when any of
my papers is coming out
in "Collectanea Mathe."

As written to me by
you, I revise my request
to you to be kind enough
to send, if at all possible,
the translated version of
your valuable paper
on Entire Dirichlet series in
Spanish language.
