Dear Professor Balaguer,

I thank you very much for your letter, dated Jan. 13 and the suggestions made therein in connection with my paper: "MEAN VALUES OF ENTIRE FUNCTIONS (II)". I have incorporated them in this third revised version and hope this will meet to your satisfaction. In case, you desire to publish it, kindly send me the official letter of acceptance.

Thanking you,

With kindest regards,

Sincerely yours

(P. Kr. Kamthan)
