

McMASTER UNIVERSITY
HAMILTON, ONTARIO, CANADA

DEPARTMENT OF MATHEMATICS
HAMILTON COLLEGE

November 11, 1966.

Professor F. Sunyer i Balaguer,
Department of Mathematics,
University of Barcelona,
Barcelona-17, Spain.

Dear Professor Balaguer:

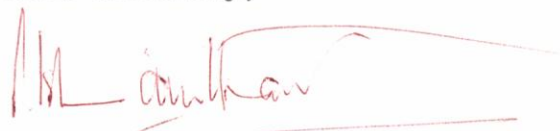

I am writing to you after a long time. I hope this goes well with you. Please accept my greetings for the Christmas to come. I have come here as a post-doctoral fellow, with a teaching assignment in functional analysis; and I hope to see you on my way back to India.

I am enclosing a research paper. I hope you will kindly forward it to your journal of mathematics, "Collectanea Mathematica" for its publication.

May I request, that if some minor changes are necessary in this paper, you are at liberty to incorporate them as you wish, and oblige.

With kindest regards,

Yours sincerely,

P. K. Kamthan
