Dear Professor Balaguer:

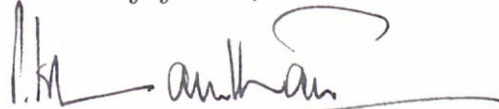

Thank you very much for your letter and comments on a paper of Mr. P. K. Jain and myself. As I do not have a duplicate copy of it, I have forwarded the paper to Mr. Jain for answering your questions.

I am enclosing a note on circle continuity in normed algebras. Would it be possible to include its publication in your journal and oblige?

Finally, I wish you a very happy new year.

With kindest regards.

Sincerely yours,

P. K. Kamthan.
