Prof. Daihachiro Sato  
University of Saskatchewan  
Regina Campus  
Regina, Sask.  
Canada

Dear Professor Sato,

Thank you for your letter of August 19. I regret the delay in replying but have been away for the last two months.

I have also received the ms. of the note on "On the rate of growth of entire functions of fast growth".

I must point out that your theorem L is not the same as the results in ~~my~~ the papers by Lindelof, Azpeitia and San Juan whom you cite, because the results of the above authors suppose that the functions are of regular growth and your theorem does not suppose this.

As requested, I have pleasure in sending you separately some reprints of mine

With kindest regards,

I am,

Yours sincerely
