Professor F. Sunyer Balaguer
Angel Guimera, 66
Barcelona 17, Spain
Dear Professor Sunyer Balaguer:
Dr. Salty has spoken to me about your interest in obtaining support for your research work. I have also seen your reprints and the references you gave, and I would say that from the scientific point of view, you have every qualification for obtaining a research grant. There are many restrictions which involve grants in foreign countries, so that it is impossible to make a definite commitment at this time. However, I think there is a good enough chance so that it would be worthwhile for you to submit a formal proposal.

I am enclosing a booklet which contains the information needed for submitting a proposal. All proposals from Europe should be sent to the ONR Branch Office in London. Their address is: Commanding Officer, Office of Naval Research Branch Office, Keysign House, 429 Oxford Street, London WI, England. They will forward the proposal to us for action. If there is any further information you need, please write me, and I shall be happy to help in any way I can.

Sincerely yours,

ROBERT OSSERMAN, Head Mathematics Branch
