Professor F. Sunyer Balaguer
Angel Guimera 66 pral. 2o
Barcelona, 17
Spain

Dear Professor Balaguer:

Reference is made to your proposal for research entitled "Approximations of Functions by Linear Combinations of Exponentials", which the Office of Naval Research is planning to support. We have recently been advised by the Office of Naval Research that they are prepared to provide an additional sum of about 48,000 pesetas to accelerate the research, if it is possible for you to make available more of your own time.

If you are agreeable to this increase, it is requested that you prepare a revised budget for a total of about 168,000 pesetas. This budget should include details of your own salary and the time you would be able to spend on the project, the salary and time of any assistants and miscellaneous costs for the preparation of reports, etc.

Your revised budget may be forwarded direct to Dr. Leila Bram, Office of Naval Research, Code 432, Department of the Navy, Washington 25, D.C., with a copy to this office.

Very truly yours,

W.C. SANDS
Commander, USN
