Professor F. Sunyer Balaguer
Angel Guimera 66 pral 2⁹
Barcelona 17, Spain

Dear Professor Balaguer:

We are pleased to inform you that your proposal of 20 April 1961, entitled "Exponential Approximations of Functions," has been scientifically approved by the Mathematics Branch of this Office in an amount not to exceed \$2,500 for the period 1 July 1961 to 30 June 1962 and forwarded to our Procurement Services for negotiation. You may expect to hear from a representative of the Department of the Navy in the near future.

As the obligation of funds is a function of the Procurement Services, this notification of scientific approval should not be construed as authorizing commitments under the pending contract.

This task has been assigned the identifying number of NR 043-266. Since the research tasks of the Office of Naval Research are identified by such numbers, it will be appreciated if this reference is used in future correspondence in addition to the official contract number.

Sincerely yours,

Thomas L. Saaty

THOMAS L. SAATY, Head
Mathematics Branch
By direction of
Chief of Naval Research
