Dear Professor Balaguer:

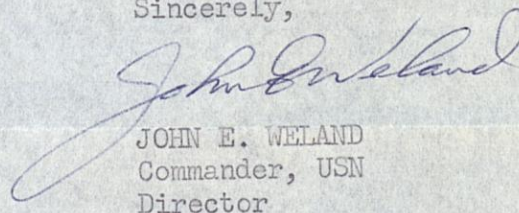

I am answering your letter of 18 March 1964 addressed to Mr. Thacker. Mr. Thacker returned to the States last August before time permitted him to visit you as he wished.

The last word we had from Commander Heidt, over a year ago, he seemed to have recovered nicely from his operation.

I shall be returning to the United States early this summer. It appears unlikely that I will be able to visit you before I go, as much as I would like to.

For your information, Dr. Bertram Levy has now been appointed as head of the Mathematics Branch of the Office of Naval Research, Washington.

Sincerely,

JOHN E. WELAND
Commander, USN
