Dear Professor Balaguer:

Your letters of 20 and 21 July were received today. As you know, your report and invoices were received. The report you submitted will, when accepted by the Scientific Officer, Dr. Levy, serve to fulfill the reporting requirements under contract N62558-4161. Before we can close this contract, however, a statement from you concerning inventions is necessary. It was this statement that I referred to in my letter of 9 July. This is required due to the fact that your work is now being supported under a new contract, and in order for us to complete the old one, we must have a report either affirmative or negative on inventions.

As soon as I have this from you, and a letter from Dr. Levy affirming his acceptance of your report, I will be able to process your invoice for payment.

Yours very truly,

A handwritten signature in blue ink, which appears to read "John E. Raymond".

JOHN E. RAYMOND  
Commander, USN  
Director
