Dear Sir,

Sometime ago you were good enough to recommend for publication in REVISTA MATEMATICA HISPANO-AMERICANA a paper of mine entitled "On entire Dirichlet series of infinite order". I am now enclosing a sequel to that paper which reviews and extends certain known results, and I request you to go through it when you have time to spare. You will be doing me a great favour if you can recommend the enclosed paper also for publication in REVISTA MATEMATICA HISPANO-AMERICANA, whether in its present form or in any revised form incorporating such suggestions as you may be pleased to offer.

Thanking you,

Encl:1

I am,
Yours sincerely,

A.R. Reddy.
