Dear Professor Balaguer,

I hope you might have received my letter dated 13.11.'67.

You have stated in your remarks on my 'Ph.D. thesis that the proof of case B of Theorem 3 (Chapter I, pp. 18-20) and the proof of Lemma 4 (Chapter II, pp. 37-38) are slightly imperfect. I am sending now (by separate cover - Book Post) these two proofs to you; I shall be grateful to you, if you can kindly let me know where the imperfection lies exactly.

I am hoping to receive an early reply.

With kindest regards, I apologise for the delay and the trouble.

Sincerely yours,

*A.R. Reddy*
