

How to create and update a researcher profile with...

1 Go to www.orcid.org

2 Edit your profile

We recommend using your institutional email

Download your profile as a pdf

Versión imprimible

Fill in the form for each section

Add the URL of your research profile from the UAB Research Portal

Make your profile public to increase visibility

Make your profile public

Preferred name

Variant names you have used as an author name

Biography Make a brief description of your professional profile

You can search by name and surname, truncate with ^{trunc} and import data from funding directly to your profile

Works (0) Import or manually add your publications

3 Link your ORCID to Scopus and Publons to see them on "Other ID". Link it with other profiles you have.

RECOMMENDATIONS

Use "Account settings" to connect to trusted organizations and grant them permission to interact with your profile (editors, financing entities) as well as to trusted individuals to update your data. It allows to delete duplicate profiles and set your language preferences, privacy and notifications and others.

Include your ORCID code on your research output and on your email, professional networks, personal and institutional webpage and on applications for grants for research projects.
