How to update a researcher profile with...

publons

1

Go to https://access.clarivate.com/login?app=wos and log in or register in when you access it for the first time

Sign into ORCID and your profile will be automatically linked
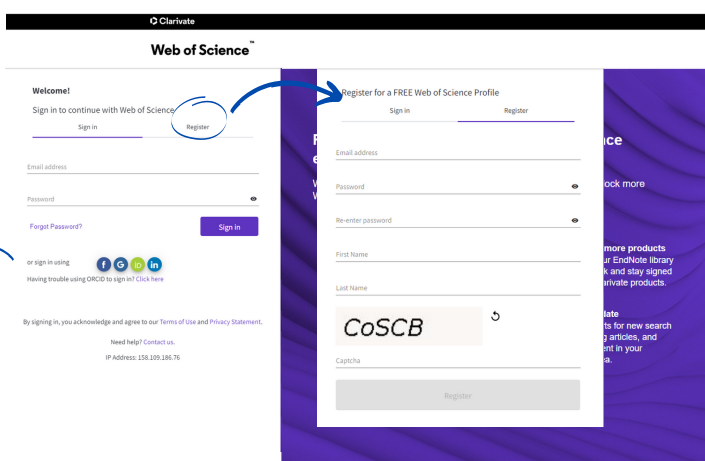

We recommend using your institutional email It should be the same you use for accessing Web of Science to avoid duplicates
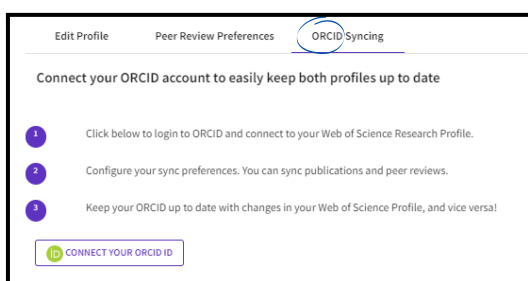

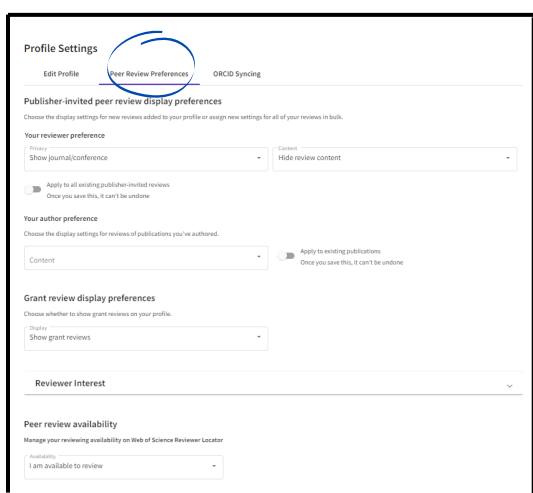

2 Activate and edit your profile

There are several ways to access your profile

Enter your name in WOS and get your own verified author record (with a green asterisk)

Fill in the form

In this sections you can display your preferences for peer review, grants and availability of peer reviewers

It is very important to sync your profile to ORCID. Also, you can do it from "Settings"

3 Add publications and create alerts
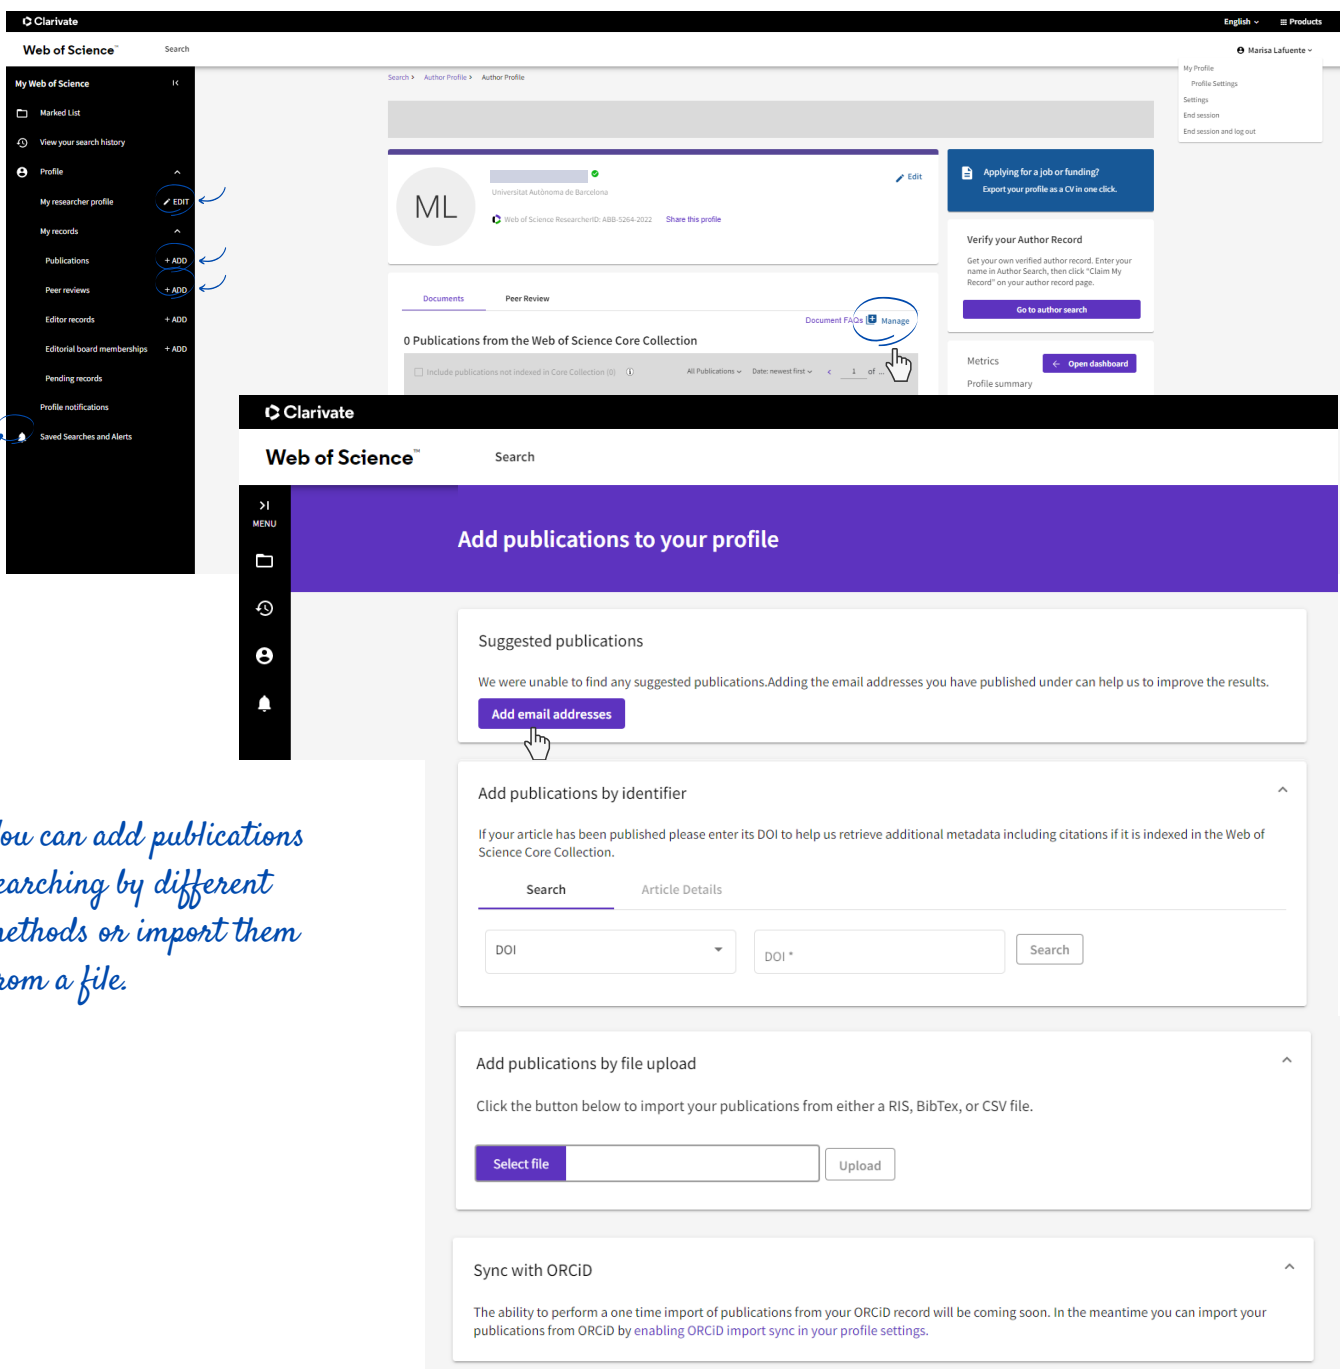

From the side menu you can add reviews and editor records

Create citations alerts, journals alerts and search alerts

You can add publications searching by different methods or import them from a file.

RECOMMENDATIONS

↻ Keep your profile updated.. Publons gives much importance to peer review and it is a good tool for journals to contact you as a reviewer. Pay attention to the privacy policies of each journal, blinded reviews cannot be made public.

🔍 From settings you can create alerts to receive emails when an article you have reviewed is published or when you receive new citations.
