What if I need the document more time and haven't more renewals? Simply return the document to the library and, if there not a reservation for that book, ask for a new loan.

End of loan period alert: A few days before the loan period expires you will receive a message in your e-mail account reminding you to return or renew your document.

Penalization: Overdue documents are subject to penalization whereby the account is blocked for the same period as the number of days the document is overdue. For overdue weekend documents, the account is blocked four days per day of late return. This rule applies to all overdue documents, not counting holidays and weekends. If the delay exceeds 60 days will apply sanctions contemplated in the [Procediments de préstec del Servei de Biblioteques de la UAB](#) (temporary blockage of remote access to the Digital Library and the Rector report). Loans PUC, if not are renewed or returned on time, also create penalization affecting loans service at UAB and vice versa.

Losing a document: In case of loss of or damage to the document borrowed, the user must replace the document.
