

Survey “Working with Offenders in the Community: The Challenge of Effectiveness”

The “Desistance from Crime and Reintegration Policies” research group at the Autonomous University of Barcelona is making the survey used in the study “Working with Offenders in the Community: The Challenge of Effectiveness” available to the academic community. This project was funded by the Centre for Legal Studies and Specialized Training (2021 Research Grant Call).

The research group publications that have utilized this survey are as follows:
