

Forgive me for delaying my answer to
your letter of Oct 10, but I am working
hard in the last translation before
~~parting for~~ leaving for ~~Spain~~ Catalonia.

You advise me against the idea of
coming to pay a visit to you, alleging
everything is now outrageously expensive,
but I guess ~~it is~~ ~~with~~ you don't dare
to tell me that ~~the~~ our visit would be
troublesome, and I understand you.

I did not write a word to Agnès
about the payment of your royalties,
but I promise to talk about it
with Mr. Cardin when I be in
Basel.

~~Happy~~
The best wishes for you in the New
Year and for the world that no crack-
brained push ~~the~~ button and send us all
to Hell.
