Mr. Harry Woolf

Dear Friend and Colleague,

I finished a article about a theme of History of Science: "La autenticidad del Comentario a las Tablas astronómicas de al-Jwarizmi por Ahmad ibn al-Mutanna", and I would like to publish it in your review ISIS; my first article in ISIS appears in the year 1932 (vol. XVII)! I see that the last num. 168 of ISIS is monographic, but I hope that my article should be able to appear in the n^o ^{nexts} of ISIS. Also I pray you to write me with your opinion, and thereafter I should send rapidly my article to you.

Expecting your good news, I rest yours sincerely
