Dear Dr. Millas Vallicrosa:

Today I am sending you a little booklet which might be of interest to you. It should have been published much earlier but I hope that it will still do some good.

How is your work progressing? Some time ago a Pakistani scholar, Prof. <sup>Vardag</sup> Khan, read one of your books which I have in our library. He was greatly interested and on his way back to Pakistan wanted to visit Spain. I gave him your address. He is an elderly gentleman from the Northwest Frontier and I hope you will enjoy him.

With best greetings,

Sincerely yours,

Erich W. Bethmann, Director  
Dept. of Research & Publication
