My dear Professor Millás Vallicrosa:

Many thanks for your prompt answer of January 24, 1964. We were very sorry to learn of your illness and trust that you may be restored to full health and strength.

We shall, of course, be pleased to have whatever material you can furnish the Encyclopaedia Judaica. Please send us your portion of the article on the "Spanish Jews in Medieval Science" at your convenience. We do not at present plan to assign the remainder to another scholar, first, because we cannot know in advance what will be included in your essay and, second, because we still nurture the hope that after you have completed a portion, you will wish to complete the rest.

With kindest regards, in which Professor Netanyahu joins me, I am

Very truly yours,

Dr. Meir Ben-Horin
