Dear Friend:-

I have no doubt at all about the reading of the ring of Estruga. The letters at the top and bottom should be read together as מ"ח - מנשים באהל חבורך (Judgesv. 24) - a very common apostrophe for women, though indeed this may be a bit early in date.

As I informed our mutual friend Prof. Cantera, I suspect that the inscription you published in the last issue of Sepharad, p. 170, should read גופה ונשמ(חה).....שלם

I hope you received my letter on the question of the Passover Plates.

With kind regards,

Yours sincerely,
