Dear Barrie:

In answer to your request for information on the Palomares incident, I can tell you the following. The U.S. has been actively following up this incident with an intense program of investigation. The individual in charge of this is Dr. C. R. Richmond, Oak Ridge National Laboratory, P.O. Box X, Oak Ridge, Tennessee, 37830. I have called Dr. Richmond and he will be glad to communicate with your friend concerning what information is available. He can also supply the names of other individuals within the government having information about this incident.

Trust things are going well and hope that our paths cross in the near future.

With best regards,

Sincerely,

Arland L. Carsten, Ph.D.
Scientist
