Wikiproject Ocells

A free and collaborative knowledge tool in Viquipèdia

Vicenç Allué Blanch

Universitat Autònoma de Barcelona. Facultat de Veterinària. Biblioteca
08193 Bellaterra (Cerdanyola del Vallès), Barcelona.

Vicenc.allue@uab.cat

1r Congrés d'Ornitologia de les Terres de Parla Catalana (COTPC), 12, 13 i 14 d'octubre a Barcelona.

Viquipèdia Vision

All human knowledge will be available in Catalan, and all knowledge of Catalan culture will be available in any language (**Amical Wikimedia**)

Mission

Train and engage people around the world to organize and develop educational content under a free license, and disseminate globally and effectively (**Wikimedia Foundation**)

Objectives VP:Ocells

Pushing bird content in the framework of open access trends and participatory knowledge, in Catalan language, with normalization of denominations and incidence in quality of the articles incorporated.

Why Viquipèdia

* Participate in a global project with high and free global impact (**5 th source consulted according** rank Alexa)

* Be part of an active and committed community in open, free and active skills on information abilities.

How can do it ?

- **Encyclopaedic contents**
- **Free access**
- **Neutral point of veiw**
- **Respect and civility treatment**
- **Continous improvement**
- **Source verification**
- **Voluntary work**

What does it give as an ornithologist ?

- ✓ Helps to improve reliability of ornithological articles as a main source accessible to search engines
- ✓ Visibilize your formal and field research using previously disseminated sources and gaining impact on Altmetrics
- ✓ Collaborates with sister projects in other languages : "WP:Birds", "WP:Ornithologie", "WP:Aves" ...
- ✓ Use a directory of known alive beings: species.wikimedia.org
- ✓ Release free licence photographs protecen with "by" o "by-sa": commons.wikimedia.org
- ✓ Drives open structured data, keys to research projects : www.wikidata.org
