**Convention on the Rights
of Persons with Disabilities**

Committee on the Rights of Persons with Disabilities

**Initial report submitted by Turkey under article
35 of the Convention, due in 2011^{*}, ^{**}**

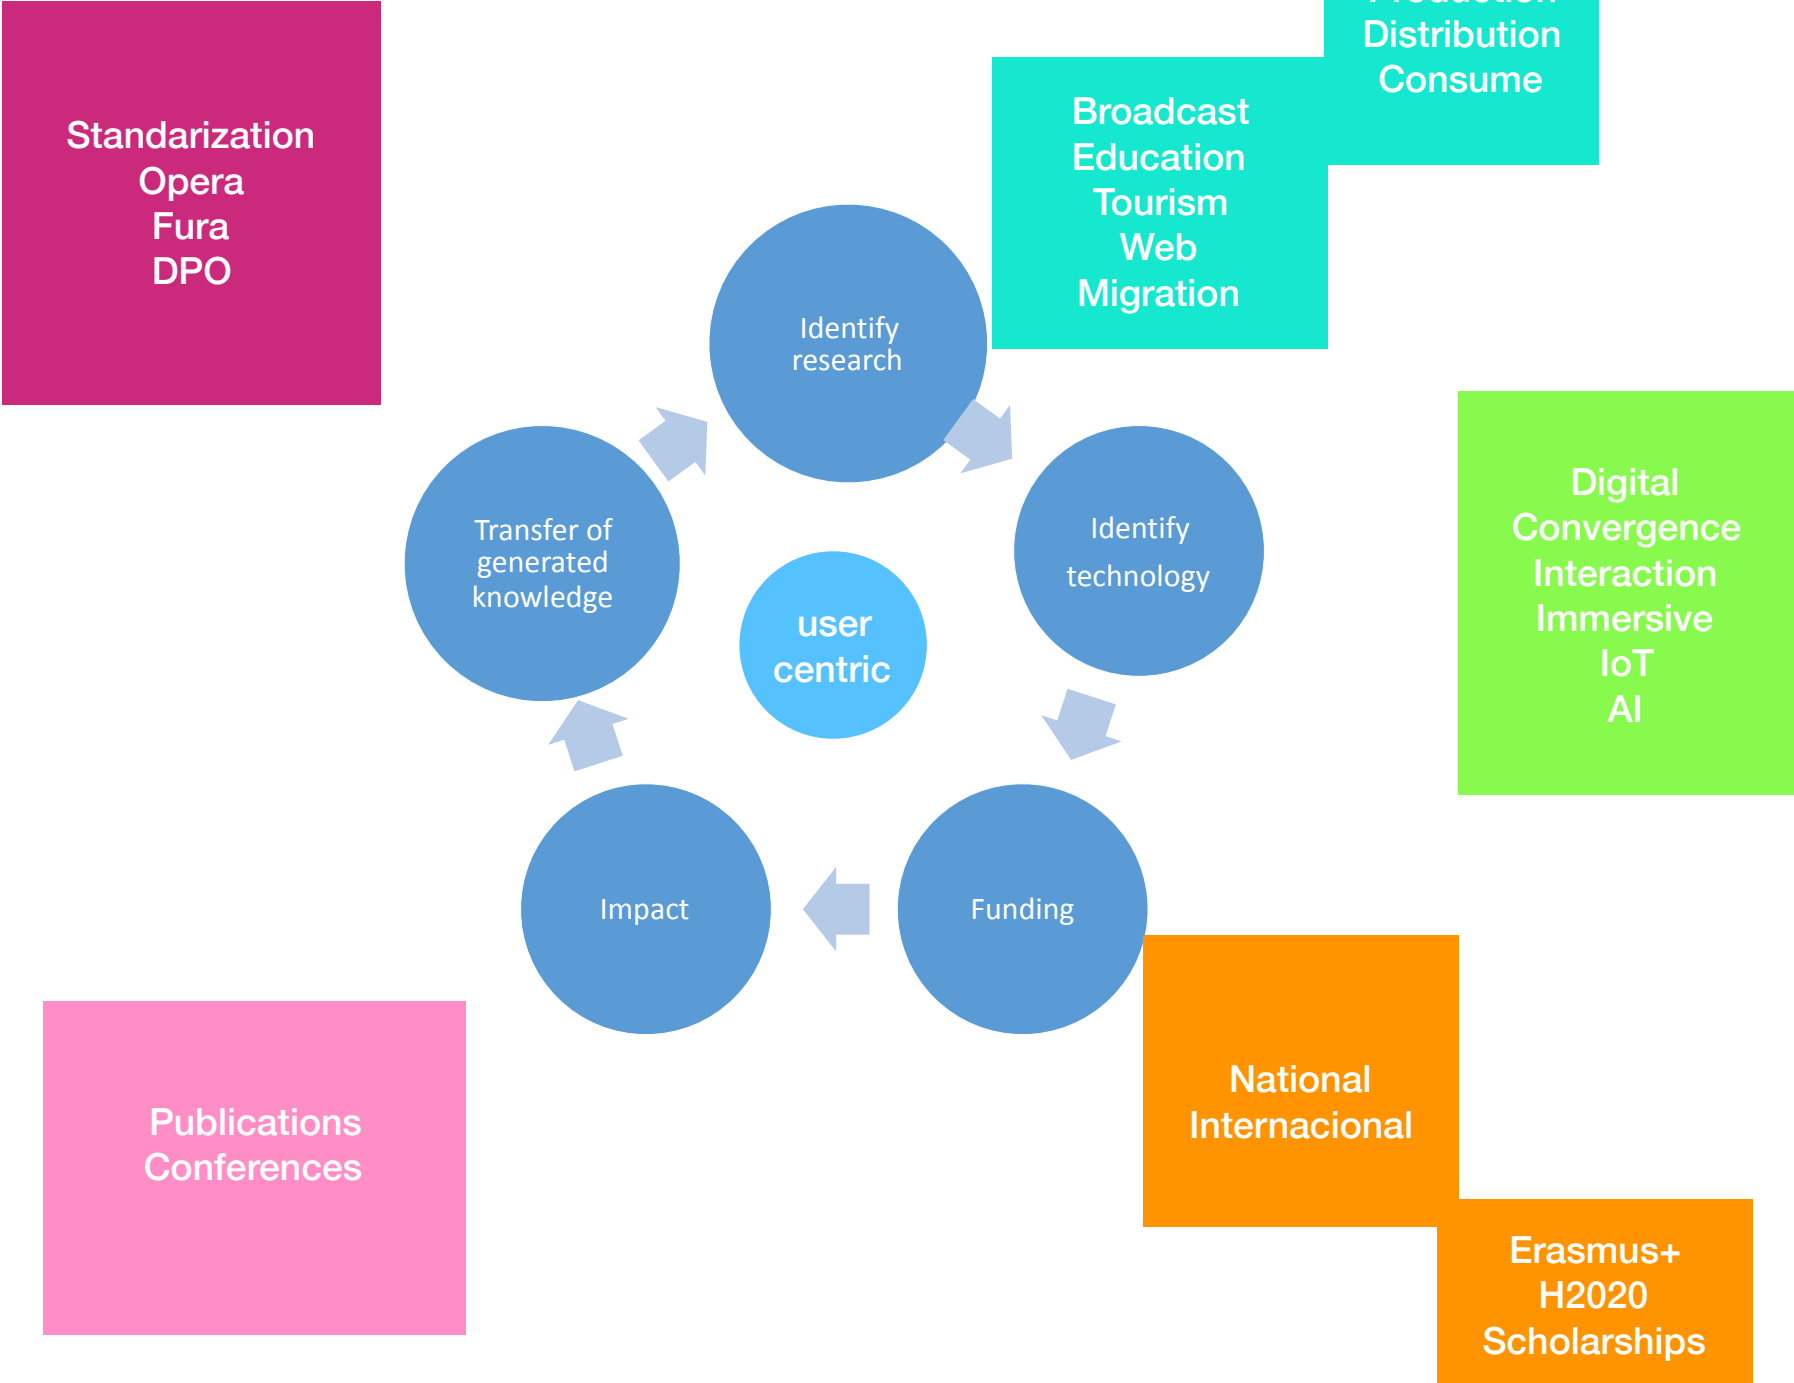

[Date received: 3 August 2015]

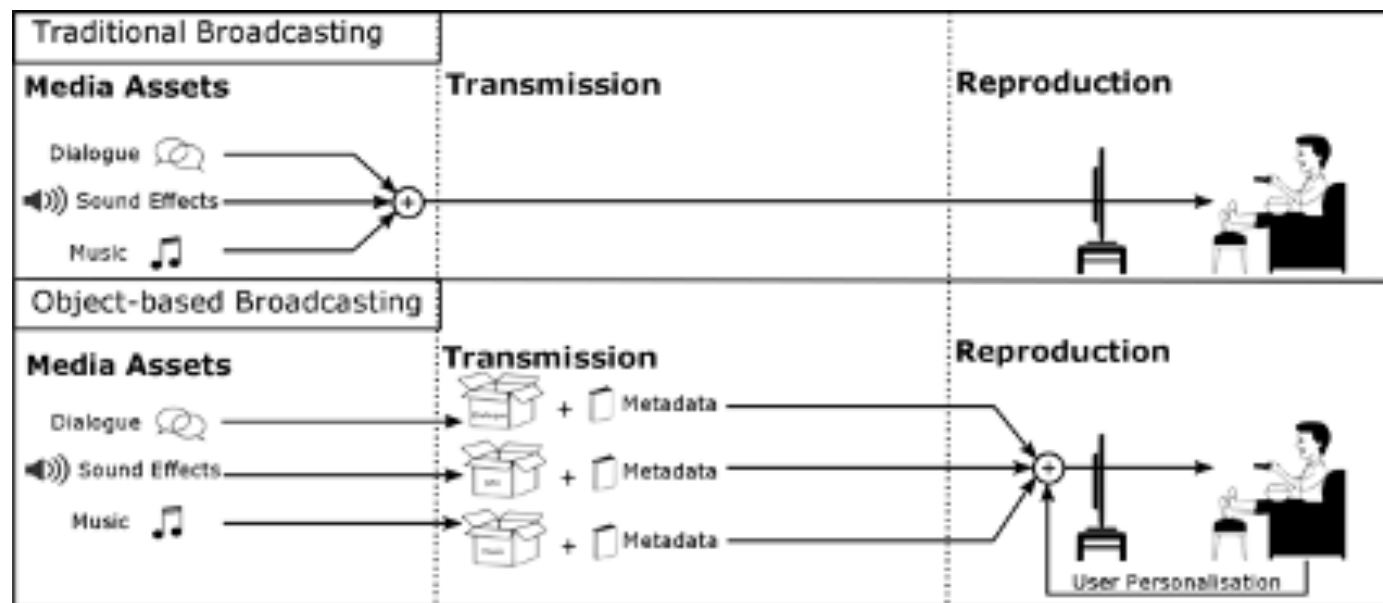

Why

Because the article 9.2 a) Accessibility says that States Parties shall also take appropriate measures, among others *“To develop, disseminate and monitor the implementation of minimum standards and guidelines for the accessibility of facilities and services open or provided to the public;”*

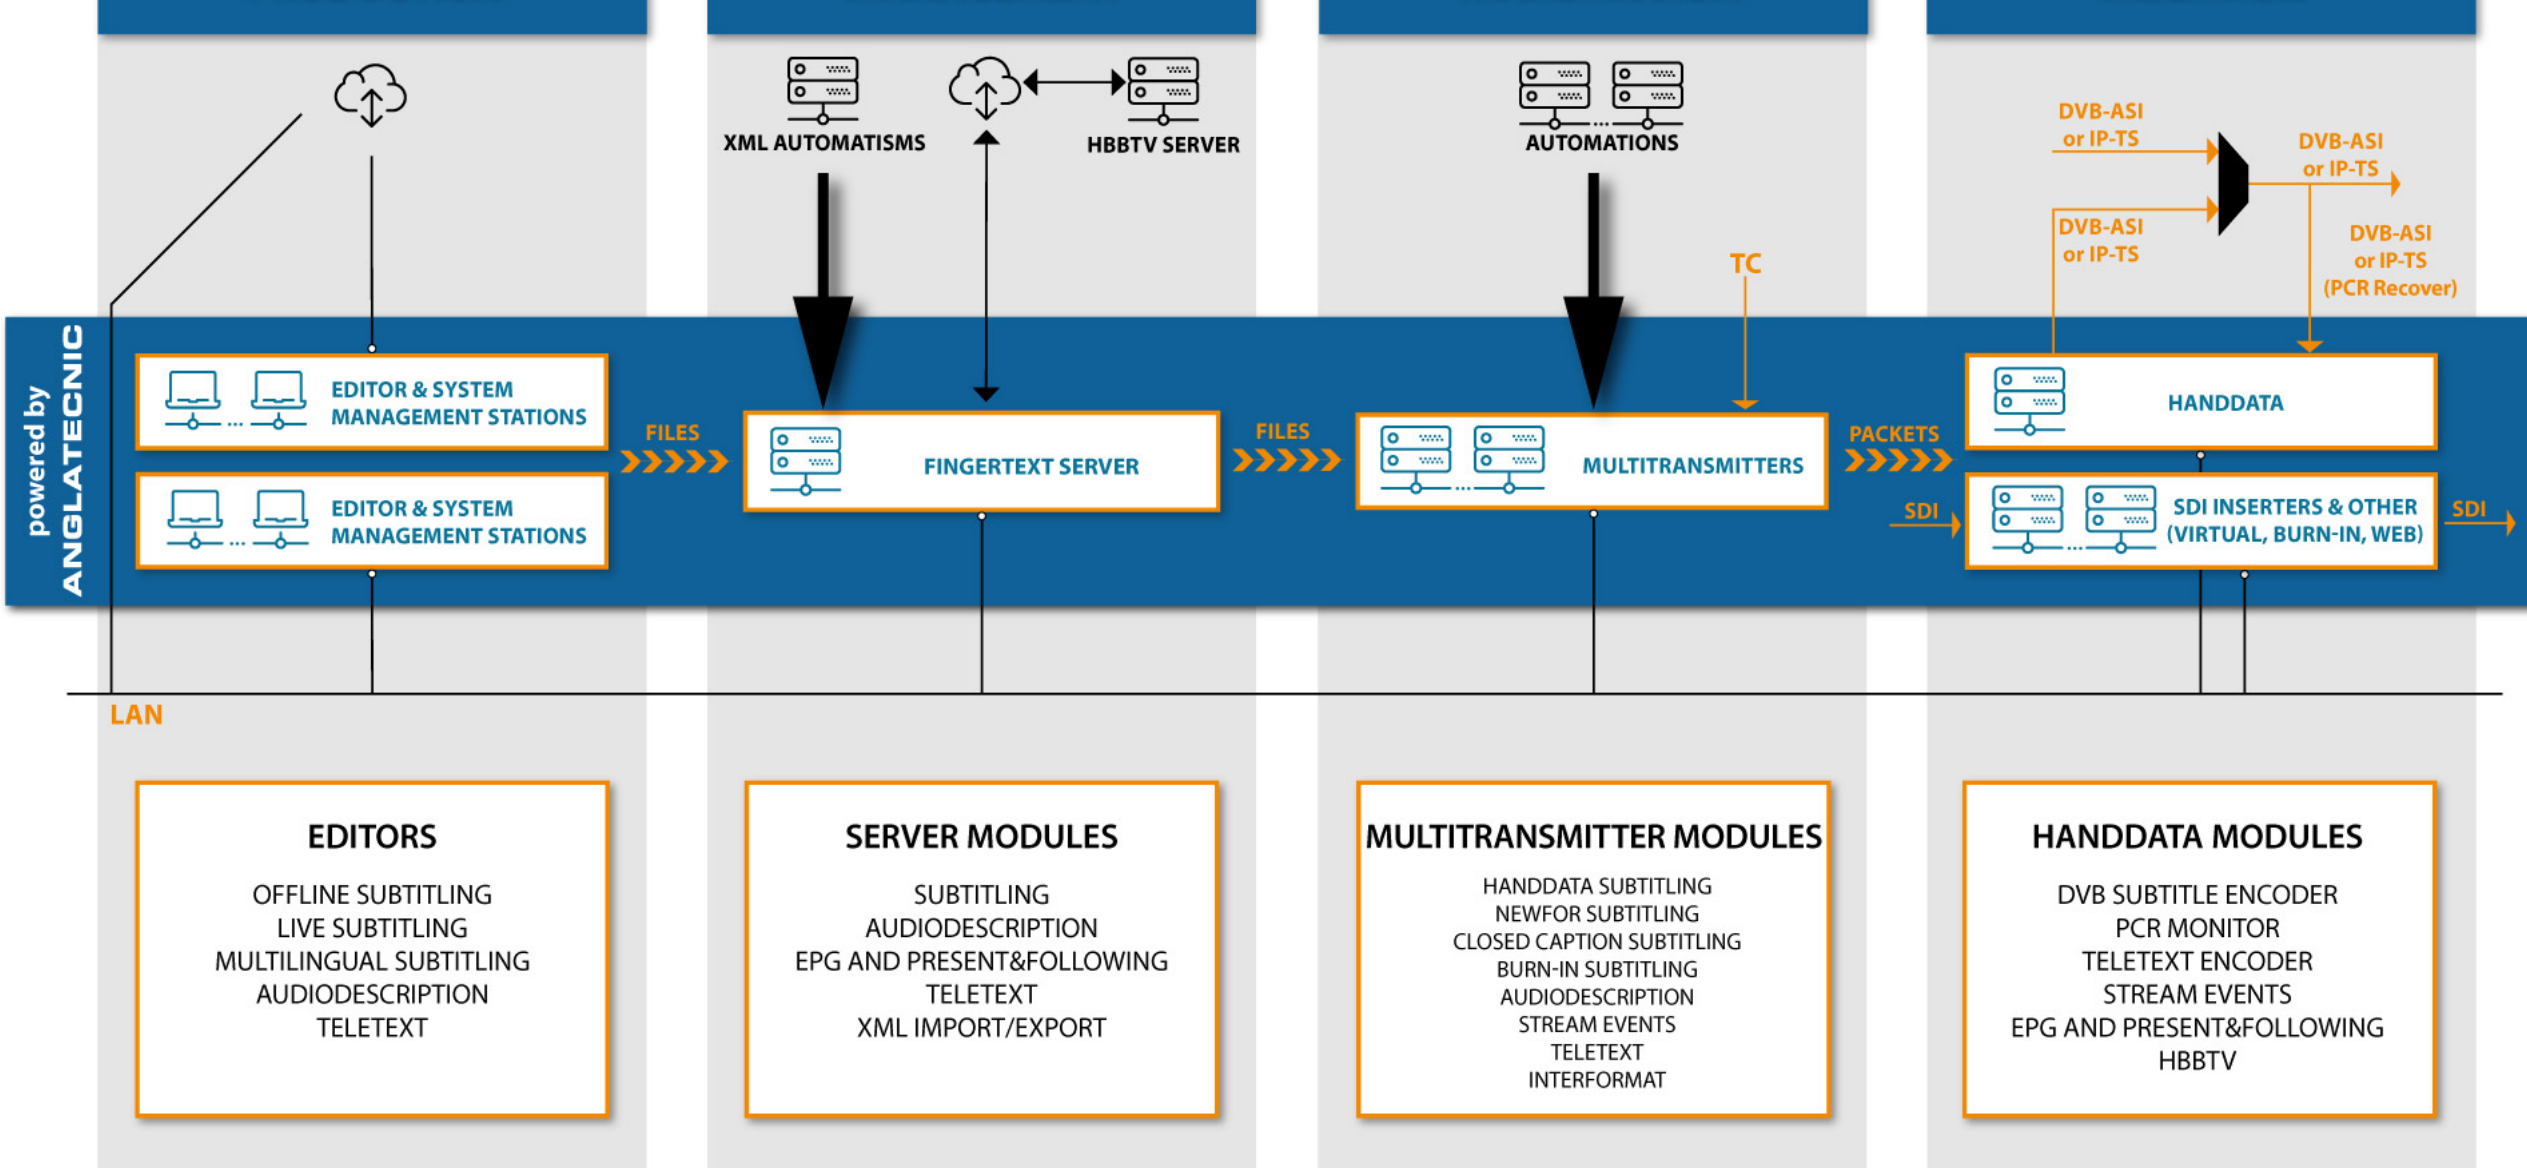

Because the development of a standard implies the participation of the people involved in the subject, both those who will apply the standard and those who will benefit from its application, through a structured procedure in which transparency and the collaboration of a work team prevail, sharing knowledge and experiences to achieve the highest quality and rigor in the application of the standard, for the benefit of society.
