The Challenges

LEGAL BACKGROUND

THREE EU DIRECTIVES

Audiovisual Media AVMSD

Web accessibility

European Accessibility Act

- **28 June 2022:** Deadline for Member States to adopt and publish national laws, regulations and administrative provisions to comply with the Act. They shall immediately communicate the text of those provisions to the Commission.
- **28 June 2025:** Deadline for Member States to apply those measures.
- **28 June 2027:** Deadline for Member States to ensure accessibility of the answering of emergency communications to the single European emergency number '112'.
- **28 June 2030:** Deadline for services to stop using inaccessible products which were already in use before 28 June 2025.
- **28 June 2030:** Deadline for submission of the first report by the European Commission on the application of the Act. This reporting must be done every five years thereafter.

SIX EU STANDARDS

Three new standards

1. Harmonised standard(s) setting up requirements on the accessibility of non ICT information related to products
2. Harmonised standard for the accessibility of support services related to products and services (help desks, call centres, technical support, relay services and training services)
3. Harmonised standard for the accessibility of emergency communications and for the answering of emergency communications by the PSAPs (including to the single European Emergency number 112)

And to revise three existing standards

EN 301 549 Accessibility requirements for ICT products and services

EN 17161:2019 Design for All - Accessibility following a Design for All approach in products, goods and services - Extending the range of users

EN 17210:2021 Accessibility and usability of the built environment - Functional requirements

THE SOLUTIONS

What has been paid for

Automation

Subtitles —> SUMAT and SAVAS

Machine translation, STT, TTS

Sign Language Translation —> CONTENT4ALL, SIGN UP, SIGN IN

Automatic AD —> MeMAD

Interaction

Human machine —> EasyTV

Immersive accessibility

ImAC

Decentralisation —> HELIOS, MediaVerse

Accessibility + X

Refugees —> REBUILD, SOCLOSE, TRACTION, MILE

Sustainability —> GreenSCENT

THE CHALLENGES

What has not been paid for

VR/AR

AI

CHI

Digital twins

Emergency services

Green Accessibility

Copyright/traceability towards circular economy

SUBTITLING (CAPTIONING)

Comfort & Readability

- Especially for VR glasses
- Where can subtitles be rendered on the screen (safe area)?
- What fonts and text sizes are reasonable?

Speaker identification

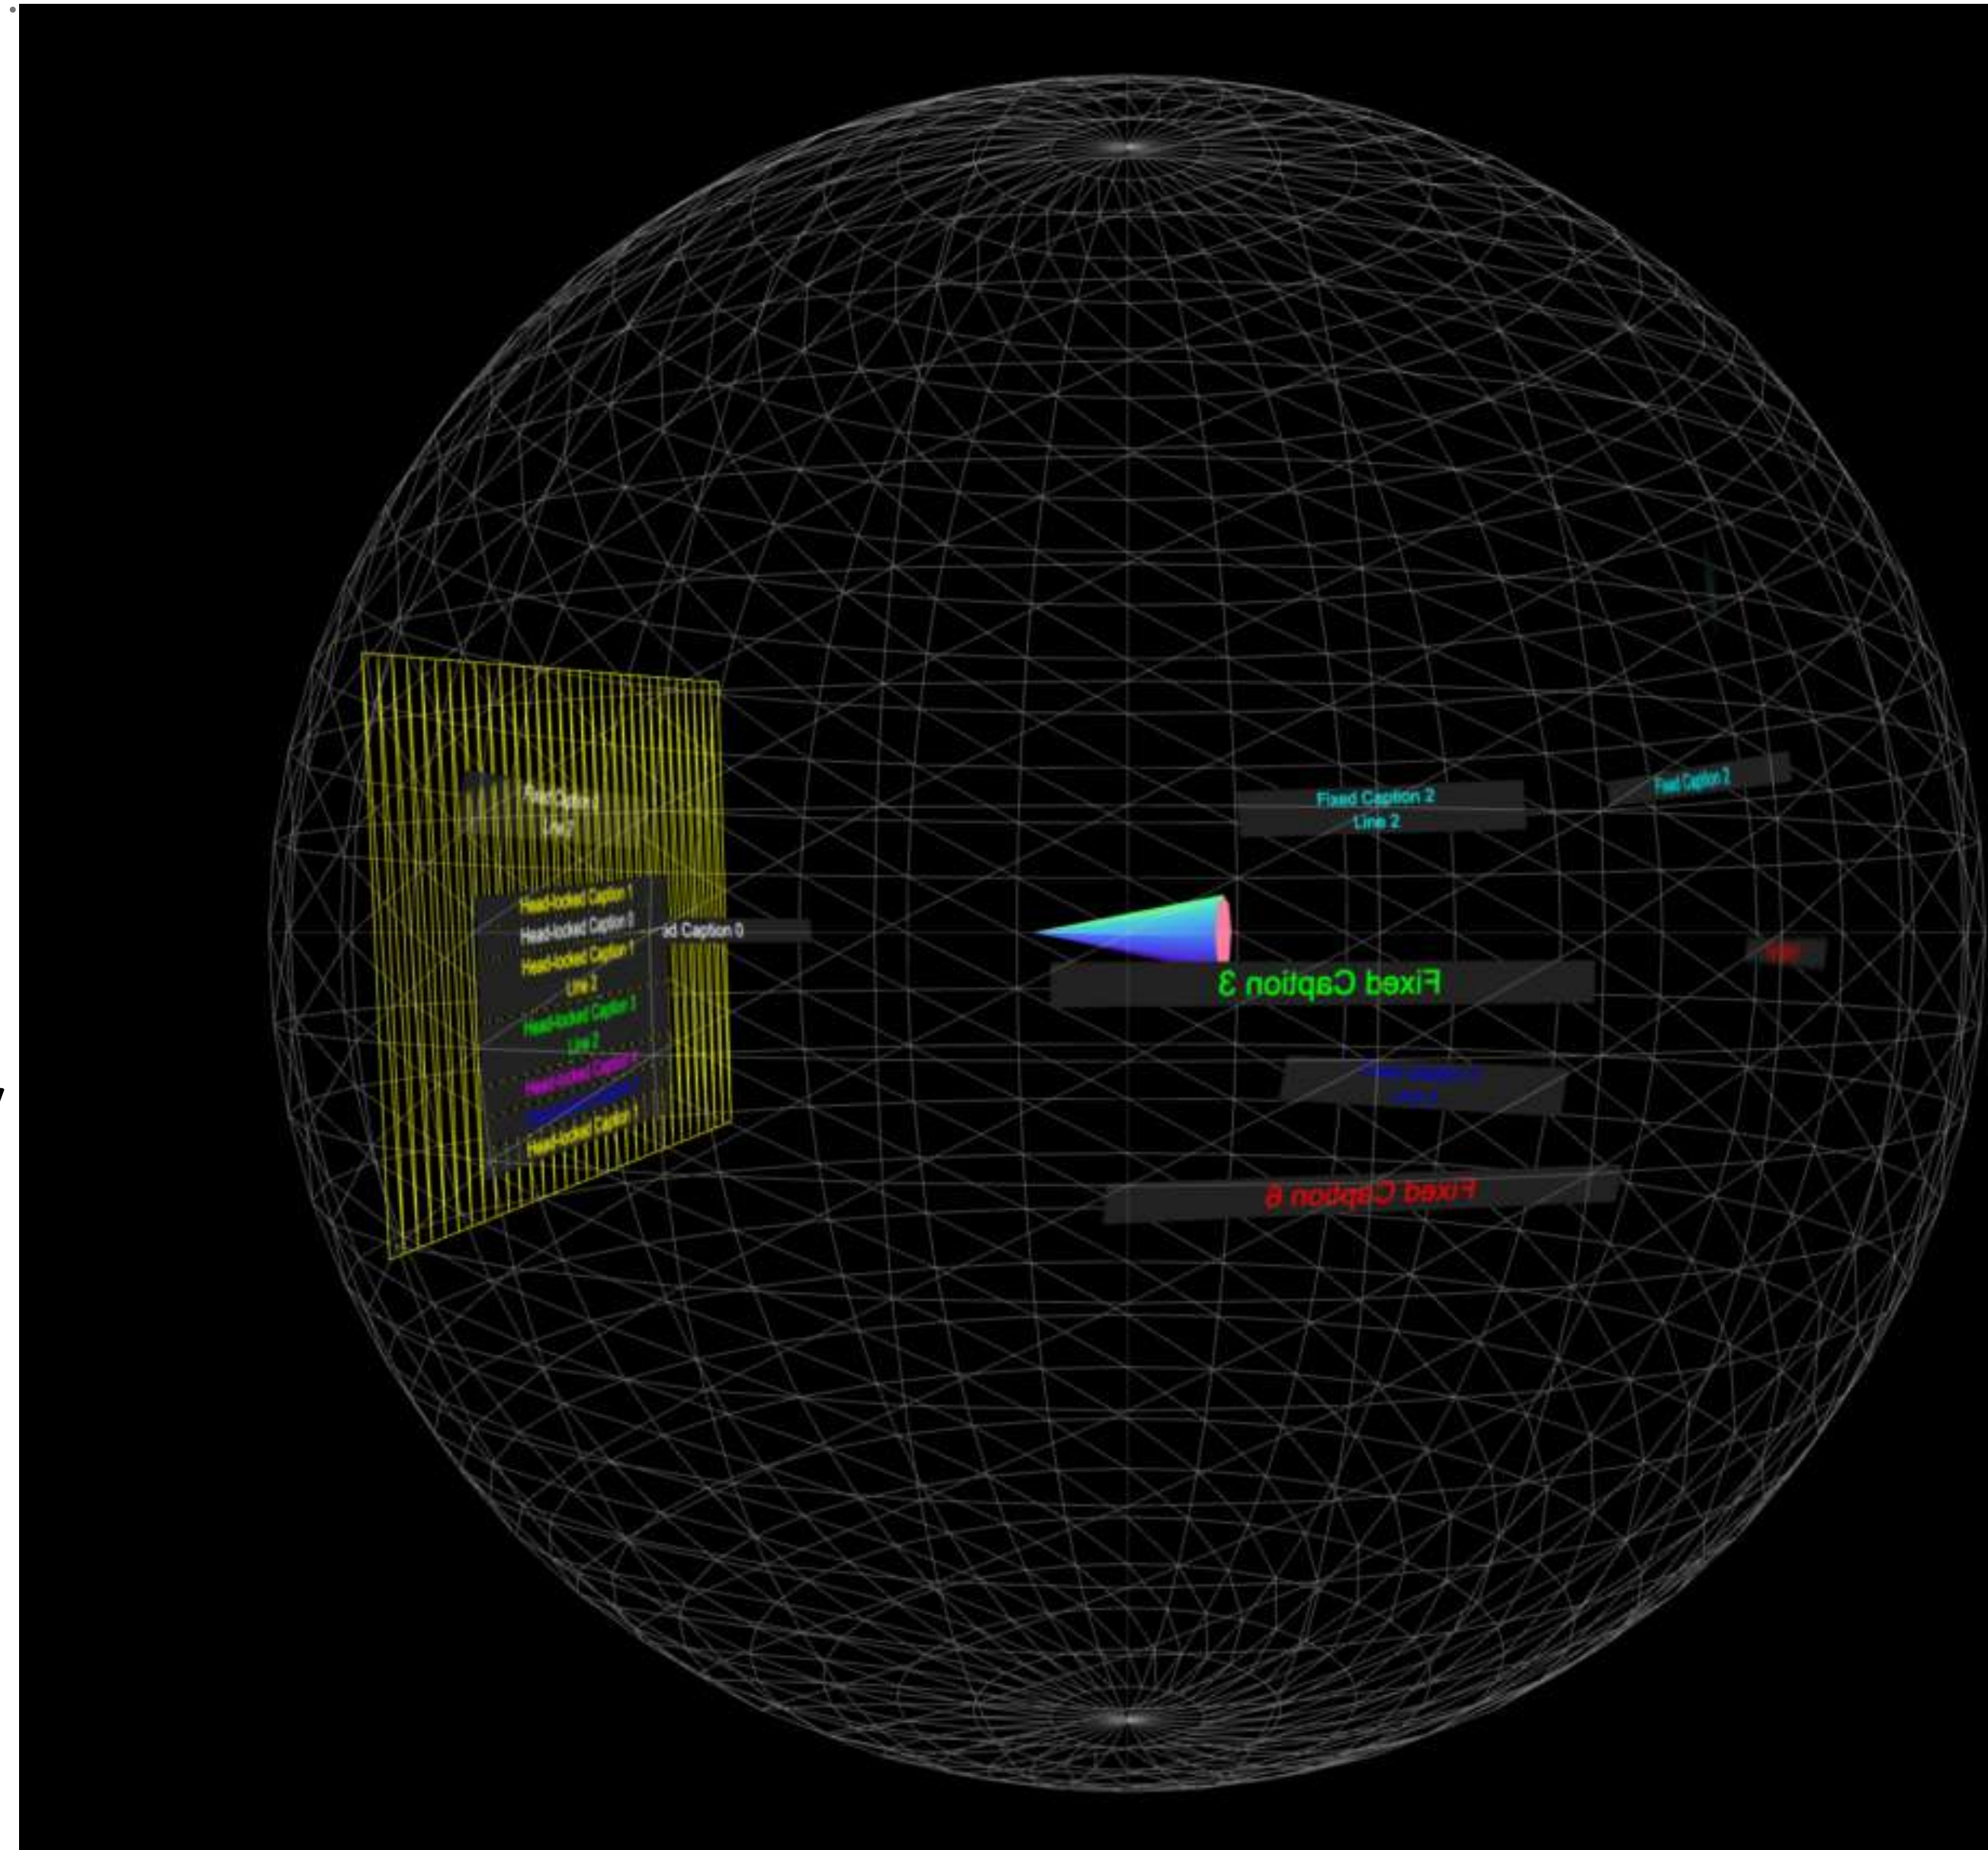

- How does the viewer know who is speaking?
- How can the user keep orientation in the scene?
